CSA Agreement 2010

Please read everything carefully then fill & sign page 1, fill out page 2, mail OR scan & email both pages to us (addresses to the left) - Thanks!

Current & new shareholders by April 30: Include your payment (full or partial) with this form. (Dates for remaining partial payments are at the bottom of page 2)

All after April 30: Include \$40 down payment. We'll contact you to set up your deliveries and prorated plan; starting payment is due before first delivery.

Earthwize Farms Community Supported Agriculture (CSA) terms

Community Supported Agriculture (CSA) is a direct relationship between you and Earthwize Farms. You reserve a share of this year's crops and finds, paying up front so we don't have to get financing that drives up food costs. You get delicious, sustainably farmed, freshly picked, local produce delivered to your door or neighborhood, plus other locavore products. You'll also get input into what's planted, news about the farm's activities, and satisfaction from knowing your food uses the fewest possible resources. Plus, you get a great value for your food dollars and they mostly stay in our local economy!

Schedule: Our 2010 CSA year runs April 2010-March 2011, with 4 seasons, each 3 months (1 quarter) long. Deliveries go out every Friday except for major holidays. Factoring in those and possible weather skips we expect 44-46 deliveries overall.

Delivery changes: Please request delivery changes **by 5pm the Wednesday before a scheduled delivery**. We can re-route your share elsewhere **if it's on a current route**. If you choose or if we get no other instructions we'll deliver your produce to a local food program.

Share options: We offer regular or medium food shares, delivered weekly or bi-weekly. A regular share is about a week's supply for 4 people's side dishes or 2 people's side and main dishes, and a medium provides 2 people's side dishes or 1 person's side and main dishes. The actual quantities will vary according to what ripens when and how much is available at delivery time; a regular share will usually fill a ream-sized copy paper box, and medium about half that. Food sharers may add one egg share (about 1 dozen eggs) delivered with their produce.

Payment: See the selection section for rates. Standard, full year payment is the best value. Half yearly & quarterly plans cost us and you more. They require down payment plus scheduled partial payments. Deliveries missed for crop/weather conditions or late payments won't be credited.

Communication: We'll keep you in the loop via bag notes, emails, phone calls, Facebook and our website. We'll contact you directly as needed. You can talk with us on Facebook, or by email or phone.

Quality: Our goal is complete satisfaction! If you're unhappy with the produce or we miss your delivery **call us at once** so we can fix the problem. If no one's on site to accept your share you must provide ice packs and a large enough cooler to hold the entire delivery. Our drivers will make every effort to protect your produce but we can't be responsible if a proper holding environment isn't provided!

Unpredictable factors: Despite successfully farming for more than 30 years and 3 years of CSA experience we can never tell for sure what or how much will be available when. That's the nature of farming. We plan ahead for redundancy and variety, planting many different crops at weekly intervals. We also get produce from other responsible growers within the 100 mile locally-grown radius. Despite all our planning there will sometimes be more or less of a product. Great conditions can mean bumper crops. Pests, drought or too much rain can mean small ones. If it's very wet or icy we can't safely get in the fields so we'll have to skip delivery that week.

Returned check fee: \$30 plus all collection costs. Fee, bad check redemption and future payments will then be cash or secured check.

I've read the terms above and agree to abide by them, and to honor my payment arrangements for the entire year.
